→ Sudoku Trainer

For Sudoku fans: The smart4mobile Sudoku Trainer gets your grey matter going! It improves your skills solving the popular Sudoku puzzle. The trainer always indicates the next possible field with a question mark. Each number must exist only once in every column, row and block. Find the right number for the shown position!

- More than 20 years of experience in the puzzle business
- High quality content created by professional puzzle generator software
- Unique solution for every puzzle
- Part of a themed game series called "Puzzle Classics"
- Ergonomically styled and sized user interface
- Integrated auto correct feature
- Haptic vibration feedback
- Support for a wide range of mobile handsets
